AYERS

Disclaimer

1. Client should kindly note that Ayers Token App ("the App") shall only be used for the purpose of two factor login authentication.
2. Ayers Solutions Limited ("Ayers") shall not store client's fingerprint information or any information stored in client's registered mobile device.
3. Ayers shall not be liable to any loss/damage, directly or indirectly, incurred arising out of or in connection with the use of the App, including but not limited to improper use of the registered mobile device, embezzlement or password leakage or hacking, etc.

Agree Disagree

5. Registration

Press “Token Registration” and enter the following information to complete the registration:

- BIC Code: SSL
- Trading System Login ID
(Sorrento Securities Account Number)
- Password
(Sorrento Securities Trading Platform Password)
- Last 3 digits of ID No.
(Excluding number in bracket ())

The first screenshot shows the app's home screen with the AYERS logo and a message: "No token data available Please register token first". The bottom navigation bar includes "Token Registration", "Token List", and "Setting".

The second screenshot shows the registration form with the following fields and options:

- Trading System Login ID:
- Password:
- Last 3 digits of Identity Document No.:
(without the digit in brackets)
- Buttons: "Proceed" and "Clear"

The bottom navigation bar remains the same as in the first screenshot.

6. One-Time Authentication Password

Please check the email address registered under your Sorrento Securities Account for the One-Time authentication password and enter into the field and Press “Proceed”.

The screenshot shows the "One-Time Authentication Password" screen with the following content:

- AYERS logo and header.
- Message: "One-Time Password has been sent to your Email: harrycho@sorrento.com.hk Please check your email, and enter your One-Time Password: 01:45"
- Input field for the One-Time Password and a "Resend" link.
- Disclaimer: "(If you do not receive the e-mail within a few minutes, please check your mailbox's Spams/Junk email folder.)"
- Buttons: "Proceed" and "Clear"
- Bottom navigation bar: "Token Registration", "Token List", "Setting"

7. Complete Registration

After successful registration, the system will send a confirmation email to your registered email address. You can login by entering the second verification password on the online trading platform as instructed.

8. Remarks

- When using a Software Token, you must first enter a custom password to unlock the encoder program. After unlocking, the program will automatically issue a second verification password.
- If you have multiple accounts in the company, you only need to repeat the registration process to register multiple accounts.

9. Cancel Registration

- Follow the instructions to complete the cancellation process.
- If you change your mobile phone, simply repeat the installation to the registration process.
